

# BioZone WP

- Optimal results found when using at time of fertilization
- BioZone is a consortia of naturally occurring living microbes
- BioZone establishes microbial populations
- Formulated to stimulate microbial activity and Enhance nutrient uptake within the soil

## **FOR COMMERCIAL OR AG USE ONLY**

NET WT: 5 LBS.

International BioTech, Inc.

2290 State Road 60 West  
Mulberry, FL 33860

Directions for use: Thoroughly dissolve product in sufficient volume of water to achieve desired coverage

Agriculture: 1 to 1 1/2 lbs. per acre total during growing season multiple applications are recommended: short term crops 1 to 2 applications – long term crops 3 to 4 applications

Injection: Slurry WP material in water before injecting – inject at recommended rate

Example: slurry 1 lb. of BioZone WP to 5 gallons of water

Transplanting: 1 lb. WP to 16 gallons water = Mudding Water approx. 1 pint per tree – 120 to 140 trees per acre

Vegetable transplant water: 1 lb. WP to 100 gallons of water apply to base of plant at setting time – subsequent applications should be applied through irrigation / drip as plant begins to grow

Nursery: 1 lb. WP mixed with 16 to 32 gallons of water – inject mixture at designated rate – mixture should cover 512+ 4” pots depending on chosen injection rate

Hand Held Sprayer: 1 to 2 oz. WP per 5,000 sq. ft. – repeat every 14 to 21 days

Contact your BioZone representative for further detailed information

Golf Course Greens: 1 to 2 oz. per 1,000 sq. ft. – repeat every 14 to 21 days or inject with fertilization program

Golf Course Fairways: 2 to 4 oz. per 10,000 sq. ft. – repeat monthly or with fertilization program

**NON-PLANT FOOD INGREDIENTS:**

Genus *Bacillus*, *Streptomyces*, nitrogen fixing *Pseudomonas*  
Concentrations of **5x10<sup>10</sup> CFU** – Growth producing microbes  
Amino Acids, Folic Acids, B complex Vitamins, Biotin, Natural  
Sugars

**Purpose:** Formulated to stimulate microbial activity and enhance  
nutrient uptake within the soil.

**NON-PLANT FOOD PRODUCT**

Store in original container in a cool dry place out of direct sunlight.  
Always follow label instructions and act in accordance with state,  
local and federal law.
